

Norrep Capital Management Ltd. and B2B Bank Have Signed a Distribution Agreement

TORONTO, ONTARIO--(Marketwired - Sept. 20, 2017) - Norrep Capital Management Ltd. (Norrep) and B2B Bank have signed a distribution agreement that will allow Canadian investors, through their advisors, to invest in Norrep mutual funds utilizing investment loans at a preferred loan rate. The loan program is now exclusively available to advisors. "This preferred rate loan program provides an alternative solution for advisors and their clients to allocate Norrep mutual funds into their portfolio," says Wan Kim, Senior Vice President National Sales & Marketing, Norrep. "This is a great opportunity and consistent with our goal of actively pursuing long-term and sustainable wealth for our clients." With a long-standing history of investment lending experience and a loan portfolio in the billions, B2B Bank is well known amongst the financial advisor community for its comprehensive suite of investment lending products and solutions. B2B Bank provides Investment, RSP and TFSA Loan options to advisors in the mutual fund and insurance sectors to support them in building their clients' wealth. "We are pleased to launch this new Distribution Alliance Investment Loan Program with Norrep Capital Management Ltd." says Donald King, Senior Vice President, Distribution at B2B Bank. "This agreement allows advisors to offer their clients access to the Norrep mutual fund lineup at lower borrowing rates. We are proud to offer innovative lending programs, such as this one, that combines excellent products and services with superior rates."
